PROFILE

I am a Clinical Psychologist licensed by the Dubai Health Authority, offering online therapy to clients in India and the UAE. I live in Vienna and have experience across neurology, psychiatry and organisational mental health.

Born in India and raised in Abu Dhabi, my professional training and practice span India, the UK, Greece, the UAE and the USA. This international background allows me to work effectively with diverse populations and multinational teams.

Alongside clinical practice, I have worked with corporate and organisational clients, supporting employee mental health, leadership development, resilience and psychological wellbeing in the workplace. In both individual and organisational work, my approach is evidence-based and culturally sensitive.
